BREAKFAST

In Slovenia, for traditional breakfast, we eat butter and honey on bread and apples, and drink milk. Traditional slovenian breakfast is every third friday in November. Everything is home made. Slovenian farmers made bread, butter and got milk for whole country. We have a good day after a good home made breakfast.

TRADITIONAL SLOVENE BREAKFAST

This breakfast is ONLY in Slovenia. We are listen to music and eating food. This food is an apple, a bread, a honey and ~~patter~~^{butter}. TRADITIONAL SLOVINIAN BREAKFAST

Traditional slovinian breakfast is amazing.

~~It~~ It is really good and original.

It is made of:

- bread
- butter
- honey
- milk
- ~~asses~~

I don't like honey, so I just don't take it.

Anyway, I like the breakfast and it's a shame that is only once per year. There is a song about bees playing when we eat.

Well that is what I think about ~~the~~ this breakfast.

These things are from near ^{by} farms.
